

Drums

If anyone CAN - we CAN!

Drums

Drums are designed for liquids such as solvents, thinners, wood stains, cleaning agents and both technical and edible oils. Opening diameters and closure types vary by version. Type-tested variants for the transport of dangerous goods are available as standard and on request.

The product features of drums „made by Pirlo“ at a glance:

- Stackable
- Top shelf with perforation and metal handle or plastic folding handle
- Special programmes for drums of edible oil in various volumes with plastic spouts
- Various top cover versions and openings (DIN/REL perforation)
- With and without hazardous goods certification
- Various closures/spouts (child protection)
- Also available with embossed warning sign
- Customised printing possible

If you have any questions about drums our experts will be happy to help. Special can sizes are possible on request.

Diameter [mm]	Minimum height [mm]	Maximum height [mm]
160/165	165	330
